Section 3: The Selection Process:

1. The GVBA Division Coordinator will collect all applications for their division.
2. Selection of Managers will be based on a number of factors. Experience, skill, attitude, general knowledge of the coach by the Division Coordinator, past history and parent feedback will all come into play in the decision. The highest skilled, experienced or trained coach will not necessarily be the determining factor.
3. The Division Coordinator has the autonomy to determine who manages the respective divisions provided that:
 - a) the Division Coordinator is comfortable making the Manager selections; and/or
 - b) the Division coordinator does not have a family member applying for a management position.
4. The Division Coordinator must request the GVBA board to convene a manager selection committee if the Division Coordinator feels they are unable to make the selection for any reason or if an applicant is a family member of the Division Coordinator.
5. Appointed Managers shall be permitted to select their coaching crew.
6. All final manager and coach selections must be approved by the GVBA Board.
7. GVBA reserves the right to revoke manager or coach selections at any time, without notice.
